● BACKGROUND

Founded in 1988 in New Zealand, the Pan Pacific Forum is comprised of medical acupuncturists in the US, Canada, Australia and New Zealand. The member countries host the conference by rotation every 4 years. Canada hosted the first official conference in 1992 in Vancouver. 16 years later it is our turn again...

In keeping with PPMF policy and tradition, everyone pays their own way and all participants including speakers register for the conference. The purpose is to learn from each other and to foster friendship and fun amongst colleagues.
